FINAL NOTICE

Date of Notice: 10 Jun 2014

Amount now due £183.23

Our records show that the above amount is due for payment. If, however, you have recently paid this, please accept our thanks for the payment and our apologies for having contacted you.

You can pay using your debit or credit card via our website or through our automated payment line, details of which can be found at the top right of this letter. You can also call our Customer Service Centre on 0333 000 0001 and make a telephone payment to one of our advisors.

If you have a PayPoint card, please use this at your local participating retailer, or contact us to request one. Alternatively, you can use the payment slip at the bottom of this notice to pay the outstanding amount at your Bank, or at your local Post Office, where a small charge may apply. Other payment methods are detailed on your bill.

If you have any queries relating to this request for payment, please do not hesitate to contact us.

South East Water Code of Practice on Domestic Debt Collection

All customers who use, consume or are connected to mains water supplied by South East Water Ltd are liable for charges as defined in the Company's Charges Scheme, approved by Ofwat.

We operate a code of practice on domestic debt recovery, which can be found on our website, www.southeastwater.co.uk, or you can call us on 0333 000 0001 to obtain a copy. The following is a summary of our code of practice on domestic debt collection.

Paying your water bill

South East Water offers a range of different payment methods to suit your individual needs and make it easy for you to pay your bill. These are detailed on the back of the bill.

If you pay your bill by Direct Debit or an alternative payment plan and subsequently fail to meet the agreed payments, your entire water bill will become due for immediate payment.

Failure to pay your bill

This explains the steps we will take to recover outstanding charges, which could ultimately lead to court action and result in additional charges, such as Debt Collection Agency costs and Court Fees, being added to your water bill.

If water charges remain outstanding and you have not contacted us to make a payment arrangement. South East Water will pass your account to an external Debt Collection Agency to pursue the outstanding charges.

The Agencies will normally contact you by telephone and letter in the first instance. If you still have not paid your bill then the Agency may make a doorstep visit to discuss collection of outstanding amounts. If payment is still not made, the Debt Collection Agency will, at South East Water's discretion, ask the County Court to issue a judgement against you, or place a charge against your property to ensure payment is made. This will also include any debt collection costs incurred.

Financial Difficulty?

If you are in genuine financial difficulty and struggling to pay your water bill, please call our Payment Services Team on 0333 000 0005 as soon as possible. Where possible, we will try to reach agreement with you about paying your bill within a reasonable time frame and in amounts that you can afford.

For further advice relating to budgeting and money matters, you should contact your local advice agency, such as the Citizens Advice Bureau.

Receiving benefits?

If you are on Income Related Employment and Support Allowance, Income based Job Seekers Allowance or Pension Credit, your local benefits agency may be able to arrange for direct payments to be made on your behalf, to cover your water bill.

If you are interested in making payment in this way, please contact us in the first instance with your date of birth and National Insurance number and we will make all the necessary arrangements for you.

Water Sure

If you have a meter and use a large amount of water you may be entitled to the WaterSure tariff. This tariff is operated by all water companies. In order to qualify you must satisfy certain criteria. If you or a member of your household suffer from a medical condition that means they use a lot of extra water, or you are responsible for three or more children under the age of 19 living in the household and you are in receipt of one of the following benefits

- Income Related Employment and Support Allowance
- Income based Job Seeker's Allowance
- Working tax credit
- Pensions credit
- Housing benefit
- Council tax benefit
- Child tax credit (other than just the family element)

Additional Needs

South East Water provides assistance in many ways to customers with additional needs. If you have someone who looks after your finances for you, we can arrange for your bills to be sent to them. Further details and an application form are contained in our "Code of Practice for Customers with Additional Needs" available on our website at www.southeastwater.co.uk
